Bar • Snacks • Fun

A note from the Director

Well...what a weird and wonderful project!

It's like putting a puzzle together where the pieces keep changing shape but somehow it all comes together.

Milton Follies turned 21 and more than 80 people were ready....well... willing to collaborate to make a variety show happen... just like the ones that gave Milton Follies lift off!

Milton Follies Inc. started from a meeting for women's ideas for the future of the area., orchestrated by Tracy Collins from South East Access.

I suggested a performance group and immediately, Wonderwomen, Vicki van Gogh and Deb Sadler jumped on board to get things started. Everything fell into place from there.

The first committee was formed. We produced 4 variety concerts and Alice In Wonderland in the first 12 months. Phew!
The Follies was on its way!

Over the 21 years of Follies, hundreds of people have jumped in to bring variety shows, plays and musicals to life, creating wonderful experiences and memories.

This show features past performers, first timers, professionals, family connections, a mix of talent and ideas and a big dose of FUN!!

HUGE thanks to the sponsors for helping the production to be big and ticket prices low.

And thanks to Denise Pappas for sticking by me through the whole process and Jy Rogers for going along with mum's crazy ideas!

Leone

Thank you!
